**HOLOCOAST.****SWEEP BY CYCLONE.****Death and Destruction in Path.****Chicago and Middle West Suffer Heavy Loss in Storm.****Many Buildings Wrecked, Lives Crushed Out, Crops Damaged.****Lightning Strikes and Kills, Burns Property—Floods Damage.**

(BY DIRECT WIRE TO THE TIMES)

**N**EW YORK, April 29.—[Exclusive Dispatch.] Snow, accompanied by thunder and lightning, fell here for three hours today, a most unusual occurrence. The green grass and budding trees of the parks were in odd contrast with the effect produced by the storm.

The property loss will be enormous. The heaviest single item is the million-and-a-quarter-dollar loss in the burned Illinois Central elevator at an early hour this morning. In addition to this, six residences in this city were entirely or partially destroyed by lightning. Cities and towns in the northern part of Indiana near the Illinois line report extensive damage.

Heavy property losses are reported from all Northern Illinois, Southern Michigan and Wisconsin cities.

In Chicago, basements are flooded everywhere; windows were broken by the hail and wind, and houses unroofed. Flooded conduits stalled the street cars by crippling the electric cables, which carry feeders for all the downtown lines. This left thousands of persons stranded down in the city just as they were scattering for their homes, and at a time when the storm was at its worst.

WIRES SWEEP AWAY.

The storm was directly responsible for the collision of two trolley cars, which started to cross each other's path at Newark avenue and Henderson street, Jersey City. The motormen tried to stop, but on the slippery rails the cars slid ahead. Six persons were injured.

The blinding snow was also responsible for several minor accidents in which vehicles figured in Manhattan. The snow, which was a mystery to the weather bureau, was followed by a downpour of rain.

C HICAGO, April 29.—[Exclusive Dispatch.] Heavy toll in human life and property was exacted by the storm which has furiously lashed Chicago and vicinity for the last thirty-six hours. So far as known, ten persons have died and the list of injured runs into the scores. Early reports that a cyclone in South Chicago had killed twenty persons are not borne out by investigation. One man was killed when a factory was demolished at Grand Crossing. The cyclone did considerable damage to property, but this is the only fatality so far established.

At Seventy-ninth street and Ellis avenue a cottage was crushed and two men were instantly killed. A woman and two children, other occupants of the cottage, were fatally hurt.

Rev. Hugh MacDonald Scott, professor of church history at the Chicago Theological Seminary, met instant death at State and Van Buren streets tonight, when, in the blinding rainstorm, he was caught and crushed into two Van Buren-street cars.

Two men were killed and six injured under falling walls of the Illinois Cen-

**BRITISH BUDGET.****WEALTH AND LIQUOR TO BEAR TAX BURDEN.****David Lloyd George Presents Government's Estimates, Increasing Income, Death Estate and Legacies Duties.**

(ASSOCIATED PRESS NIGHT REPORT.)

**L**ONDON, April 29.—Accumulated wealth and the "trade," which is the liquor business is popularly called in the liberal government budget, which David Lloyd George, Chancellor of the Exchequer, presented in the House of Commons, remained today to bear the burden of the fiscal year (\$15,762,000 (£7, \$18,000) deficit of the fiscal year incurred by the old-age pensions and the race with Germany for Dreadnoughts.

The maddest budget ever introduced, Sir Frederick George Buxton, speaker, declared that the new budget, in which the wealthy classes are already crying, and a few are clutching at the hope that the House of Lords, which represents the classes, may throw out the budget entirely, but this is impossible.

Unless the Queen gives birth to a son, the throne will pass to the daughter born today. In that event, the little Princess will pass through practically the same experiences of her mother. She will have to choose a consort from among the eligible royalty, or semi-royalty.

Germany has been extremely anxious that Queen Wilhelmina should give birth to a boy, who would bring the Holland throne in more closely touch with the German royal house.

The government allows Queen Wilhelmina \$24,000 a year for expenses, and she has, in addition, \$20,000 to keep up her palaces. Aside from this, she has, or had, an immense private fortune of her own.

The government allows the Queen, who is to be married, to receive a sum equivalent to the Queen of England's allowance.

**HEIR TO THRONE.****PRINCESS IS BORN.****Holland's Queen Is a Mother.****Bells Ring Out Glad News to Waiting Nation and People Celebrate.****Beloved Ruler and Child Are Well—Royal Physicians Assured.****Tinge of Disappointment That Infant Is Not Boy Felt by Public.**

(BY DIRECT WIRE TO THE TIMES)

**T**HE HAGUE, April 29.—[Exclusive Dispatch.] Queen Wilhelmina this afternoon gave birth to a daughter.

Great joy prevails throughout Holland over the news that the beloved queen's announcement has been accomplished, but there is a tinge of disappointment over the fact that she did not give birth to a son.

The news of the birth was carefully guarded for several hours, until the royal physicians seemed assured that the child would live. In her previous illness the Queen has been very near death and there was much apprehension this time.

When the official news was given out it was quickly flashed all over the land. Men had been stationed for days and nights at churches and public buildings with instructions to ring the bells as soon as the birth of an heir was announced. Tonight the bells are ringing over the entire land and the people have arisen and are making merry.

MOST POPULAR RULER.

Queen Wilhelmina is, without doubt, the most popular ruler in Europe. She is now 26 years of age, possessed of brains, wit and unusual common sense. She has a strong will of her own and also possesses the delicious foibles and whims of her sex.

The entire world took a deep personal interest in the birth of a prince and when she finally married Duke Henry of Mecklenburg-Schwerin, after a highly romantic courtship, congratulatory telegrams were sent to her by people of all lands and governments.

Interesting stories were told of how she had toured Europe and looked over all the eligible. Young, healthy and clear-headed, she was much disappointed with the array of broken down, dissipated and senile samples of nobility trotted out for her inspection, so she returned to her own land and married a man.

The Dutch people did not entirely bow to the idea of a German consort to the throne, but they bowed to the wishes of their Queen, and gave Prince Henry a warm welcome. He was heavily in debt, but the brave little Queen, who loved him to distraction, paid off his obligations from her own purse, and the Dutch burghers delighted to take money from the state treasury to satisfy the debts of a foreigner.

CONSORT'S HARD ROW.

The Prince Consort resented this, and there has always been some feeling between him and the Dutch people. Stories of his cruelty to the Queen also served to intensify this feeling. So persistent were the rumors of brutality to the Queen that Prince Henry was in danger of attacks by the outraged public. Eventually the Queen denied these stories, but there has always remained the belief in Europe that she did so to prevent a scandal. At any rate, there has been no recurrence of the gossip.

The government allows Queen Wilhelmina \$24,000 a year for expenses, and she has, in addition, \$20,000 to keep up her palaces. Aside from this, she has, or had, an immense private fortune of her own.

Unless the Queen gives birth to a son, the throne will pass to the daughter born today. In that event, the little Princess will pass through practically the same experiences of her mother.

## UNBROKEN HAPPINESS TILL ANNIS APPEARED.

*Aged Soldier Tells With Trembling Voice of Son's Early Excitability. Was "Always in Way on Firing Line," Says General.*

[ASSOCIATED PRESS NIGHT REPORT.]

F LUSHING (L. I.) April 28.—An affecting scene was presented today at the trial of Capt. Peter C. Hains, Jr., when Gen. Hains, U.S.A., retired, the aged father of the defendant, related with suppressed emotion the incidents of his son's life from boyhood to the time when, driven to madness by his wife's alleged infidelity, he shot down the man who, the defense contended, caused it.

Beginning with the boy's tendency to nightmares and general excitability during his earlier years, the general

the defense of his son today. He testified that at an early period his son suffered from excessive nervousness.

During the Porto Rican campaign the captain, then a Lieutenant of artillery, was a member of his command, the general said, and they all suffered excessively from the sultry and humid climate of the island. The general said Peter acted queerly at the battle of Guayama.

traced his career through the campaigns of the Spanish-American War when he fought under his father in Porto Rico and as "always in the way on the firing line."

In 1899 he joined the captain wood and married Gladys Libby, the general said, and spent years in unbroken happiness with his wife until 1900, when they met William E. Annis.

The scenes which ensued at the family conference held after the captain's return from an eight months' tour of duty in the Philippines were depicted by the general in a trembling voice.

Thornton Hains, the brother who was tried and acquitted of complicity in the same crime, appeared in court during the afternoon, but left almost immediately upon being told that he would be sent for when wanted.

Gen. Hains was the first witness for

examination of Gen. Hains in regard to the alleged infidelity of the captain's wife, and Judge Garretson ruled that the wife's infidelity could not be proved until evidence of prior insanity in the defendant's case had been established.

Gen. Hains said his father died from "senile insanity."

Gen. Hains testified that he told Claudia, after she made the confession, that she would have to go to her mother.

"I don't know as my mother will take me," the witness said Mrs. Hains replied.

"Yes, she will take you when no one else will," I told her," the general continued. "I asked Claudia why she had done this thing, and she said she did not know unless it was because she loved Annis and he loved her."

**FAMILY FEARS RABIES.**

[ASSOCIATED PRESS DAY REPORT.] ANN ARBOR (Mich.) April 29.—The Pasteur Institute of this city has received notice that a mother and her two children will arrive here today from Ludington, Mich., to take the Pasteur treatment. They are afflicted with a peculiar ailment supposed to be rabies, and believed to have been contracted by drinking milk from an infected cow.

**GIVES LIFE FOR EMPLOYERS.**

[ASSOCIATED PRESS DAY REPORT.] HASTINGS (Mich.) April 29.—Hiram Webster, 65 years old, for thirty years a section boss on the Michigan Central Railroad, lost his life yesterday while trying to remove a hand car from the track to avoid a wreck with an approaching train carrying officials of the road. The other men on the hand car jumped and escaped injury.

**WANT MEDAL FOR HEROINE.**

[ASSOCIATED PRESS DAY REPORT.] CHICAGO, April 29.—A petition is going about today among 200 girls employed in a shirt factory, for a Carnegie medal to reward Miss Marguerite A. Lacey, a 17-year-old girl, who risked her life to save William Street, who had been caught in some powerful machinery and was being twisted and torn while a group of

superficial workmen stood afraid to attempt his rescue. An arm and a hand were crushed between a belt and a wheel and the victim was being whirled around, when the girl pushed the bystanders aside, seized Street by the heel, dragged him away, grabbed a stick and threw the belt from the main shaft. When the danger was over, womanlike, she fainted.

**DISSEASE GERMS BY MAIL.**

CHICAGO, April 29.—The practice of some physicians in sending improperly packed disease cultures through the United States mails, has resulted in a warning to postmasters by Joseph Stewart, second Assistant Postmaster-General, concerning this class of mail matter. Hundreds of packages of this character pass through the Chicago postoffice daily and the employees have to watch carefully to see that they are prepared according to the postal regulations. One package of diphtheria germs came into the postoffice recently in cotton with only padded boxes for the outside wrapping. Specimens sent for analysis for tuberculosis, has been sent by physicians in glass bottles, with only wrapping of corrugated pasteboard, and in one instance a bottle was placed loosely in a paper box. Strangely enough, in none of the cases had it been possible to make the box tightly closed.

**WEATHER CHARGES AT ASYLUM.**

CHICAGO, April 29.—Twelve attendants have been dismissed during the last six weeks from the hospital for the insane at Elgin. Drunkenness, insubordination, striking patients and disorderly conduct are the charges. Sixteen guards left voluntarily during March and April.

**PARTY FOR "WHOOPERS."**

CHICAGO, April 29.—Elizabeth Webster, 4 years old, will be the hostess at a unique party next Saturday afternoon in Wilmette. The event will be a formal farewell of the epidemic of whooping cough which has prevailed in the village for some time. Eligibility of the guests rests upon whether they have had the whooping cough. Children who are still afflicted with the malady may attend as well as those who have gone through the stages of the disease. The number of children who fell victims to the epidemic during the last two months is estimated at nearly

200.

## FEDERAL GOVERNMENT RECOGNIZES IMPORTANCE OF SAN PEDRO

Expend \$3,500,000 In Breakwater And Dredging Operations There

OPPORTUNITY NOW OPEN FOR THE PUBLIC TO SECURE OWNERSHIP IN DEEP WATER FRONTAGE ON SAN PEDRO INNER HARBOR.

Despite the popular belief to the contrary, the United States throws its money away. History has proven that the Federal Government has a long head, so far as the investment of money is concerned.

Many times huge sums have been expended in investments, which seemed almost inadvisable to the public mind—at the time the matter was first taken up. Subsequent developments have proved the soundness of these investments.

Instance the government's investment of \$3,500,000 on the breakwater and in dredging operations at San Pedro Harbor. When these matters were first broached, the expenditure seemed unwarranted. San Pedro's commerce amounted to little—the whole affair saved years of time. But already this expenditure has been justified. And the tremendous increase in tonnage at San Pedro is thoroughly justifying it months after month.

The immense investments of the Southern Pacific Railroad and the Salt Lake Railroad at San Pedro induced governmental action there. Corrections are less likely to throw away money than Uncle Sam. These great interests realize the present and potential value of San Pedro Harbor frontage. Already the Southern Pacific has built the largest slip in its entire system at the Inner Harbor of San Pedro.

A conference between Carter and the authorities was held this afternoon, when Carter is said to have admitted his wife, but it is claimed no promises were made him to secure a plea guilty and would be sentenced to life imprisonment. This statement however, was officially denied this evening.

A conference between Carter and the authorities was held this afternoon, when Carter is said to have admitted his wife, but it is claimed no promises were made him to secure a plea guilty and would be sentenced to life imprisonment. This statement however, was officially denied this evening.

Certain mitigating circumstances, in connection with the life led by Mrs. Carter, are alleged, and are said to be sufficient to prevent any jury fixing the maximum penalty for her slayer.

Carter claims he visited Tenderloin here, and by such actions and threats drove him to murder.

Several women have sent flowers to the prisoner, and many persons have unsuccessfully tried to visit him.

FORGED CHECKS TURNING UP.

DeMerritt's Operations Extensive, Apparently, Young Man Will Be Arraigned.

Officers Murphy and Moore of the University Station yesterday traced three forged banking checks to Frank R. DeMerritt, the young man who was arrested Tuesday night at his home in Alhambra in the charge of passing worthless checks on two grocers in the University district to which he had forged the name of a former employer.

April 8 he passed a check for \$20 on the Nefferry grocery at Hoover and Twenty-fifth streets, and the next day another at the same store for a similar amount. The following day he passed a check for \$14 on the Dickinson & Swinnerton hardware store at No. 2704 South Hoover Street. In each instance DeMerritt forged the name of G. Davis, a horseman residing at the Hotel Watson, Flower and Pico streets. The officers believe they will find still more checks.

DeMerritt always worked the same kind of work, that of making a small purse, paying with the forged check and securing considerable money in exchange. He is now out on probation from the Superior Court on a similar charge, which he was convicted about six months ago, and will be arraigned to answer for his broken parole tomorrow morning before Judge

DeMerritt.

## DEFENSELESS WIDOW BRUTALLY MURDERED.

(BY DIRECT WIRE TO THE TIMES.)

ROCKFORD (Ill.) April 29.—[Exclusive Dispatch.] Mrs. Margaret Grippen, widow of Dennis Grippen, Lieutenant in the Civil War, and cousin of Gen. Lew Wallace, was murdered in her home at Winnebago, Ill., of Rockford, last night.

That a crime had been committed was not discovered until 2 o'clock this afternoon, when a neighbor called to deliver some produce she had ordered the evening before.

A flat iron, stove shaker, scissors and conch shell were the crude instruments of torture used by the murderers in their attack on the defenseless woman, who lived alone. The appearance of the body and its position indicated that when she was in the house awaiting her return from the neighbor's and that as she entered the door, she was struck across the face with the poker or flat iron.

Mrs. Grippen left the McDougal

of Miss Grace Davidson, the defendant's sister. A few days before the murder, the two had quarreled. Ramsey used improper language toward Mrs. Johnson, and when she refused to retract she was revolver and confronted him.

C. M. Williams, a neighbor of the Davisons, who claims to have seen the killing, was the first witness called. Floyd D. Carter, charged with murdering his wife in this city, January 27, and who was caught in St. Louis, would be permitted to plead guilty and would be sentenced to life imprisonment. This statement however, was officially denied this evening.

"Well, kill me," he said, "or I'll kill you."

"Don't shoot me, I'm a girl," he replied. "I've shot him about as bad as he's shot me." He then shot him in the back on top of the railings of the fence. Roy fell forward catching "Johnny" and throwing him to the sidewalk and beneath him. They lay on the ground for a moment and then he pushed the body over to the walk.

The Davisons are wealthy. The two girls some time ago were left a fortune by an uncle in the East.

GERMAN EBEMZLER DEPORTED. CAUGHT AT ELLIS ISLAND.

(ASSOCIATED PRESS DAY REPORT.) NEW YORK, April 29.—George Beemer of Offenbach, Germany, who arrived Tuesday on the steamer Kaiser Wilhelm II, en route to visit a wealthy uncle in Chicago, is detained at Ellis Island, on the order of the German Consul-General, and has been ordered deported on a charge of having embezzled \$100 in his native town.

Beemer, who is accompanied by another German, Ludwig Herrmann, was registered on the steamer under an assumed name.

At Ellis Island he is said to have admitted that he became involved in Germany, and for that reason came to America. He was employed in the municipal office of Offenbach, and after a fit of German government is that he needed the pay rolls. Herrmann, his companion, was not de-

tained.

FAMILIES IN FATAL FIGHT. BATTLE OVER RENT.

(ASSOCIATED PRESS NIGHT REPORT.) ASHER (Okla.) April 29.—A battle between the families of Stanley Ware and Perry Brewer, of the Brewer furniture store, resulted in the killing of Ware. Ware was fatally wounded. Clyde Ware, son of the dead man, was shot in the head.

Sheriff Pierce and a posse came from Tecumseh, and more trouble is feared. A few days ago the Ware home was fired upon. The Wares accused the Brewers of the outrage and this led to today's fight.

DeMerritt always worked the same kind of work, that of making a small purse, paying with the forged check and securing considerable money in exchange. He is now out on probation from the Superior Court on a similar charge, which he was convicted about six months ago, and will be arraigned to answer for his broken parole tomorrow morning before Judge

DeMerritt.

## THE CITY IN BRIEF

And forevermore!

## NEWS AND BUSINESS.

Raisin Party. The Patriotic Committee of Stanton W.C.C. will give a "raisin party" at No. 121½ south Spring street this evening to which the public is invited.

## Beats the World, Still Grows.

The Chamber of Commerce Membership Committee is making an energetic canvas for new members, and it is believed that the roster will contain 8000 names before the next annual meeting. As it is, the chamber is the largest organization of its kind in the world.

## Elks Coming Strong.

Elks will send a large delegation of Elks to the July 4th meeting. The Colorado members will come on a special train by way of Salt Lake and San Francisco. The San Diego Chamber of Commerce is making preparations for representation in the parades and to assist the Elks of that city in getting up an elaborate float.

## Mothers' Congress Prizes.

The Mothers' Congress yesterday secured the following prizes to be given as rewards for the selling of Mother's Day buttons: W. H. Hooge Company, an appropriately-inscribed banner to the high school selling the greatest number of buttons; Tufts' Annex Company, a handkerchief to the grammar school selling the greatest number; The Dyas-Cline Company, sweater to the Los Angeles High School pupil selling the greatest number; and fishing pole to the Polytechnic High school pupil selling the greatest number.

## BREVITIES.

To "Liner" Advertisers: Dating from June 1st, classified advertising in the Times will be charged by the word at the present established rate of 10¢ per word in the display columns, 15¢ per word in the descriptive columns. Close calculations covering the period of several months develop the fact that the average number of words to the line are a fraction over seven. This has been charged, therefore, will prevail after June 1st. Cash payment.

Advertising has always been calculated by the word, and this regulation will not change the measure of handling it. The present "want" ad rate has been in effect for many years. The circulation of the paper was more than 50,000 daily and 60,000 Sundays, has trebled during this period. No paper in the United States, rate considered, compares with The Times in circulation and service. The Times-Mirror Company.

Remember the slogan: "Buy and Boost Home Products." For daily references see page 11, part II of The Times, containing list of wide-awake manufacturers, under the heading made in southern California. You will find there manufacturers of necessities and luxuries—here—manufacturers of things to eat and drink—things for the home, the factory, the office and the farm. Buy them! Try them! There are none better. Buy and Boost and keep your money at home where it will do you and yours the most good!

Auditing consists in passing on work that has been done; systematizing costs in creating conditions of accounting that did not exist. Both are done by the Baskerville Audit Co. (Inc.) 704 Auditorium Bldg. April 29th. Main 6557.

## ELGINORE.

ELGINORE. April 29.—There is continued cloudy weather with a light rain wind.

J. K. Schanck, who has completed the taking of the school census, reports there is an increase of 18 percent this year. There is talk of putting in a second primary teacher next year, as the grades are crowded and the attendance is increasing.

County Superintendent of Schools Cress of Riverside is in Elginore this week looking after school interests.

The eighth grade pupils will take the county examination May 28.

SANTA BARBARA.

SANTA BARBARA, April 29.—Bishop De Sylva of Lisbon, Portugal, who had recently visited Archbishop Murphy of San Francisco, arrived last night on a tour of Southern California churches, prior to going East and returning home. He conducted mass in the old Mission this morning.

## JUDGMENT AGAINST MABRAY.

LITTLE ROCK (Ark.) April 29.—A judgment of \$25,000 was rendered in the United States Circuit Court today in favor of J. E. Cavanaugh. Non-suits were taken against Winn Sharry, L. J. Warner, Montie Calfee, and others alleged to have been implicated in fleecing Cavanagh in a wrestling match at New Orleans. Cavanagh will receive about \$7500 in money and

## RAISIN DAY TO BE GAY.

Fresno Celebration Partakes of the Nature of Carnival—Taft Will Tackle Fruit.

[ASSOCIATED PRESS NIGHT REPORT]

FRESNO, April 29.—After a remarkable advertising campaign of six weeks, "Raisin Day" tomorrow promises to be a big success.

It is the hope of the committee to have everybody eat raisins. President Taft and members of Congress have promised to have on the table the famous raisins of the valley famous. Nearly all the railroads have enlisted in boozing raisin day. The leading hotels will feature raisins.

Locally there will be a holiday and a festival. A big automobile parade tonight started the celebration and the carnival spirit will reign until late tomorrow night.

## TWO BECOME GUISHERS.

ACCIDENT IS FORTUNATE. BAKERSFIELD, April 29.—Well No. 1 of the Paraffine Oil Company, in the Midway Field, in which there was a collapsed casing, and which has been valuable to the company for some time, is now flowing at the rate of 400 barrels per day, while well No. 2 has likewise become a gusher, and is doing 600 barrels.

It all came about through the effort to open the casing in the old well. After some preliminary work the mandrel was forced through the broken casing, but before it reached the depth of the oil sand oil began flowing through the tubing.

## IDENTIFY THE DEAD.

German Who Committed Suicide at San Pedro Turns Out to Be the Missing San Diegan.

SAN PEDRO, April 29.—The old German who committed suicide in the City Hall here, Tuesday, and who left a note signed "Fr. Knoll," was identified today as Carl Boeckh, who disappeared from San Diego last Saturday night.

A man and a woman came down from Los Angeles this afternoon and after viewing the body announced that it was that of Boeckh.

The old man, who was born in Germany in 1837, left a note stating that he took his own life because of ill-health.

## VITAL RECORD.

BIRTHS. DEATHS. MARRIAGES. DIVORCE. In Memoriam.

(Under this caption The Times will accept for publication, at its regular rate of 20 cents each, anniversary notices in commemoration of deceased persons.)

John Franklin Norton was born in Palermo, Cal., March 29, 1865, died in Los Angeles on Monday, April 26, 1909. He came to California via Panama, in 1865. He was married to Anna, widow of John C. # THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

W. M. Neelon, a dismissed patrolman seeking a rehearing, testified that he had procured evidence at a session of the Police Commission last night of money being paid to protect gambling in Chinatown.

Spirits letters, alleged to have been signed by Robert Louis Stevenson, the novelist, and W. H. Smith, father of Robert Crawford Smith, were offered as evidence in the contested case yesterday. The testimony will close Tuesday.

Mr. Wilbur will become presiding judge of the Superior Court tomorrow. Judge James will hear all divorce cases for the coming six months according to the new rules that will be effective May 1.

Carlyle C. Davis testified that his daughter, Nellie Madeline Davis, smoked cigarettes on the streets of Santa Barbara, and wrecked his proposed newspaper enterprise there.

## AT THE CITY HALL.

## PROTECTION IN CHINATOWN?

## CHARGE IS MADE THAT MONEY WAS PAID THE POLICE.

Executive Session of Commission, Hearing Appeal of a Dismissed Patrolman, is Astonished by Revelations Made by Him—Made Investigation for Lieut. Dixon.

According to testimony given by former Patrolman William M. Neelon at an executive session of the Police Commission last night, money has been paid for the protection of gambling in Chinatown. His testimony was that he had procured evidence which was given to Capt. Charles E. Dixon, in charge of the East Side, that \$250 a month was the amount paid.

Neelon was on the stand in his own behalf, trying to get a rehearing of the charges on which he was dismissed early this month at the final session of the Harper Police Commission. He testified that he believed Chief Kern, Capt. Broadhead and Sgt. Sebastian held animosity for him. The Mayor asked him to explain.

Neelon said he had been, until a year ago, on duty under Capt. Able, who said, "was a man who wanted all laws enforced." He had prosecuted thirty-three Japanese blind pigs but had desisted because Chief Kern ordered him to. Then he was transferred to Chinatown, under Sgt. Sebastian, where he was kept busy, he said, not suppressing gamblers, but prosecuting opium sellers. He detailed how he had been employed and how he was finally moved to the East Side, after he had objected to the Chinese playing first alien who had no certificates of admission to this country.

After serving two months on the East Side, he said Dixon called him in and told him Sebastian had reported him as an undesirable in Chinatown, and not to be trusted. Dixon said he had directed two patrolmen to watch Neelon's conduct, and they had reported him dutiful. He said in this manner Dixon learned that Sebastian had attempted to deceive him. Neelon did not explain that this was because he knew what was going on in Chinatown.

Dixon, he testified, then detached him and directed him to go to Chinatown and procure all the evidence he could as to "what was going on in Chinatown," which was then he procured affidavits showing that money was being paid by both Chinese and Japanese for gambling privileges.

"You say money was paid," said the Mayor. "Put it in your mouth."

Cross-examination by E. P. Thom, who filed the original charges against Neelon, was begun, but Neelon himself was guilty of wrongdoing, still under Sebastian. It was objected to by Neelon's attorneys, but the Mayor interposed.

You have made charges against Sgt. Sebastian," said the Mayor. "What have you done for fifteen years as an upstart man, and you must remember that in your contention four of the police officers who have testified have been against you."

On the cross-examination proceeded. Neelon was dismissed as a decoy in prosecuting deserved men. He asked re-hearing on the ground that he had done so with the knowledge and authority of his superiors, and that the money to him the decoy had been furnished from the secret service fund by Capt. Broadhead, with the knowledge of Sgt. Sebastian.

Former Chief Kern, Broadhead and Capt. Dixon were witnesses. They all testified that Neelon had not admitted Neelon to use his badge and Broadhead had not hidden it after he had been dismissed. Neelon's statements credible, bear the entire case. The testimony about Chinatown and the Dixon episode came at a late hour and affected the entire witness and game. Neelon failed to state his long story that the police force was divided into factions, and that his nose for law enforcement was not desirable. Much of the ground he covered in his Chinatown story was unconvincing to the regular jury, which reported Sebastian an exemplary officer. And one of the grand jurors, J. J. Andrews, is now a member of the Police Commission.

At midnight the commission stopped hearing testimony, and took its action under advisement.

**BROADWAY INCREASE.**

IT WILL BE GREATEST.

Broadway is looking up, according to intimations from the offices of the City Assessor. The annual reassessment of property is progressing under Assessor Mallard's direction, and indicates an increase of many millions.

When asked yesterday what sections were likely to contribute most to the increase, Mr. Mallard said:

The largest increase will be on property on Broadway. The appreciation of realty and business property on that street is greater than any other single street in the city and the increase in assessed valuation will be much larger than for any other district. Just what it will be cannot be definitely stated, as the new districts is not fully determined.

It is expected that the gross increase in valuation in the assessment under advisement.

## RAIDED BOHEMIAN CLUB TALKS FIGHT.

RANK D. HADDOCK, charged with having violated the liquor ordinance in the management of the Bohemian Club on the sixth floor of the German building, was arraigned before Justice Chambers in the Police Court, yesterday morning. His bail was fixed at \$300, which he deposited, and he was allowed until May 3 to enter a plea.

Henry J. Miller, assistant secretary of the club, and four waiters, Charles Hardy, F. Schneider, D. L. Lockhart and Dan Swan, were released on bail of \$100 each.

The club was raided by Capt. Dixon and a squad of officers at midnight Wednesday. The attorney who represents the accused men yesterday stated that they will base their case on the ground that they conducted a bona fide social club which did not require a city liquor license.

admit of many enlargements, particularly in the police department.

## CRAIG'S TROUBLES.

HE IS AND HE ISN'T.

Police License Inspector Craig, who is holding his job under requisition on the Civil Service Commission, has served sixty-four days, or four days longer than the requisition permits. When he was appointed the position was not exempted by the commission, and no examination had been held for eligibles to it, as is customary. Nor was an examination required, as advised by the Police Commission. But the fact that the requisition period has expired at the time the Mayor is urging the Council to abolish the position, leaves Craig in great doubt as to whether he is drawing \$100 a month or not.

It is also a joke on the recall administration, which urged the abolition of the place because it wanted to get rid of Craig. All it had to do was dismiss him, as he was not even unemployable.

Craig is saying that no examination was ordered by the City Service Commission because members of it were waiting for other candidates to get ready. There are four applications for examination now before the civil service. It is not believed the Mayor will withdraw his recommendation, but the City Auditor will urge the Council to rescind the position, no matter who fills it.

As a harbinger of hard luck, Craig seems to be a winner.

## BACTERIOLOGIST O.K.

Dr. R. R. Durfee, police pathologist of the Los Angeles Board of Health, is now city bacteriologist, by consent of the Mayor. Mr. Durfee went to work in the city laboratory yesterday, and will give the full amount of time required by the commission, probably daily, to his duties.

The Mayor said: "Of course, the choice of Dr. Durfee meets my approval, for I have absolute confidence in my Health Board." The selection was made, subject to the Mayor's ratification.

## AT THE COURTHOUSE.

## SHADE OF AUTHOR UP IN COURT.

## MESSAGE FROM STEVENSON IN WILL CASE.

Letter from the Writer of Fiction and Another, Alleged Communication Telling About Mining Prospects and Ore Are Read—Approaching End of Case.

Robert Louis Stevenson, the Scotch author and poet who departed this life on the Island of Samoa about ten years ago, was summoned in spirit to testify in the Robert Crawford Smith case yesterday.

Not only that, but the spirit of William H. Smith, father of Robert Crawford Smith, was called from its winnowless palace of rest to contribute to the spook literature of the day. The elder Smith not only told his son what sort of mining stock he should buy, but advised him as to the brand of liquor which was best to take for the burlesque from the secret service fund by Capt. Broadhead, with the knowledge of Sgt. Sebastian.

The letters were furnished by Mrs. Will Smith, sister-in-law of the deceased, who found them among other effects of Smith in his trunk deposited with the Los Angeles Trust Company. To say that they created a sensation is putting it mildly, and the crowd turned out to witness the developments in this case mentally gasped and wondered what would come next.

The first witness of the day was Edwin Z. Barnett, husband of Dora Barnett psychic and astrologer, under contract to the State of California. Barnett added but little to the sum of testimony already given. He said that Smith sent for his wife and himself one day and complained of the care he was having at Mrs. Thorne's. Mrs. Barnett had gotten her son back, and said she had to pay him \$10,000 in his will.

Barnett said that was the first instance they had of being benefited.

Mr. Will Smith, heavily clad in mourning, who has been a constant attendant at the trial since it began some months ago, was the next witness. Probably the most interesting and convincing feature of the spirit communication his brother-in-law had received, which she discovered a few days ago in going through his effects. The letter received by Robert Crawford Smith from Stevenson ran thus:

"Greeting: I can call you friend, yet friend in the past perhaps, even though I hope in the future to be more than friend. Do not, I beg of you, doubt my presence. It is not strange that I should come to you, for you are a good man and tried and my heart is with you. If it be your will and pleasure, I will be your brother, working hand in hand and heart to heart with you. You may learn to know me as more than friend, for I will be your faithful companion. Yours in truth,

ROBERT LOUIS STEVENSON."

Another letter, presumably from the father of the deceased, indicates that even in the spirit land there is such a thing as finding a good thing. The letter ran thus:

"My Dear Boy: Just a few words. The Sangers are certainly contains the larger amount of gold, and to my mind it is the best ore. But your

remarked to his patient who had been cured by Lydia E. Pinkham's Vegetable Compound after his efforts had failed. "Mrs. Weber, I do not believe in patent medicines, but I will say that Lydia E. Pinkham's Vegetable Compound is the best medicine ever discovered for women. Continue to use it." This is another link in the long chain of evidence to prove the reliability of this standard medicine for women.

Barrettites of old, with white hair, and steps that showed her advanced age, wanted a decree from Isaac C. Pratt. They were married in 1891, and in 1906 the husband went to live in the Soldiers' Home. The wife, a widow, carried on at Sawtelle, but Pratt, who is a veteran, hankered for the companionship of his comrades, and he left his wife one day, saying he was going over to the Home for awhile, but would get a furlough and return to her. He never did. It was a second marriage, and a daughter by the first husband testified against her step-father. The desired decree was granted.

R. L. Stockdale had a milk route in Kansas City and, when not serving customers, would play cards with the neighbors of old, with white hair, and steps that showed her advanced age, wanted a decree from Isaac C. The action of Theodore K. Ullman against Gertrude Ullman for divorce on account of desertion covered two States in its filing. The Ullmans were married in 1899, through correspondence following an answer to an advertisement in a newspaper. His wife's home was at Edina, Neb. Ullman lived at Fairmount, where he was the owner of a stage line. They resided in a little cottage, and three children were born to them. But the wife became tired of the prosaic surroundings of Fairmount, and in February, 1904, she went home to her parents ostensibly on a visit, but she returned to Fairmount, and there tell Ullman that she did not expect to come back, but she did inform some of her neighbors that she would never again be seen at Fairmount, and she has been as good as her word. She was a highly educated woman, said one of the witnesses. "She books a great deal and was of a literary turn; educated in a convent, she was of a higher degree of intellectuality than Ullman." In a word, her superior brain stickered the cottage and the amateur coach, and she beat them.

The husband testified: "I used to send her money frequently until she wrote me that she would not come back, and since that I have always sent the children money; I do not want to be a burden to my father; she was a great deal and was of a literary turn; educated in a convent, she was of a higher degree of intellectuality than Ullman." In a word, her superior brain stickered the cottage and the amateur coach, and she beat them.

The witness told the story of the daughter's trip to Santa Barbara, where he was trying to get his son home in the fall of 1904. He said his daughter came West to assist him, but his actions were so scandalous that he was compelled to send her back to Fairmount. He testified that she not only smoked cigarettes in public, but was always upon them herself, and went out with young men and drank to excess. "She wrecked my enterprise by her actions," said the old man.

Mrs. Davis had testified that her father was absolutely under the domination of his second wife, the step-mother of the witness, and he was asked about that: "I don't deny that she was a bad influence on me, but she was wholesome and good, and I do not think it any disgrace for a man to acknowledge that he is led by his wife in the affairs of life when her advice in such matters is commendable in itself." She had saved my life on more than one occasion.

And the witness could not speak for the tears that welled up into his eyes. Further bearing of the case was postponed until Monday.

## CHANGE OF ORDER.

## COURTS REARRANGED.

By the operation of the new rules adopted by the Superior judges on Friday, Curtis D. Wilbur of Department Eight will henceforth become the presiding judge for the coming year, succeeding Judge W. P. James.

Under the new arrangement, Judge Wilbur will have all of the business of the Juvenile Court, hear all inquests of lunacy, hold court for naturalization purposes, and preside in any case in which the department to which he belongs is not called. The Youngs will be in the hands of Judge James.

The statement was made that a property settlement had been reached between the parties, and an arrangement was entered into with the decree of the court that granted her a divorce. Mrs. Grand is a petite little woman, showing lines of care.

She gave her testimony only with great difficulty. Their little 5-year-old child, Grand said, was ill.

He was very jealous of his wife, and, according to her testimony, must all sorts of unfounded charges.

She said that he had been infatuated with a mysterious blonde woman, and told his wife that if she was as good-looking as his friend, there would be no trouble about their getting him.

At one time he did not speak to her for a week, although living in the same house.

Writers for  
Boys and Girls  
443 SOUTH SPRING

shaded reminds  
the world, they devised a series of three  
meals a day that would keep up the  
strength without putting on fat. Here  
they are, as given by a reduction  
specialist:

"For breakfast, one tablespoonful  
of oatmeal—two milk, and one tablespoonful  
full of thick sweet cream. Eat it very  
slowly. Then drink just one cup of  
coffee, half milk."

"For lunch there is one nice fat  
Burmese potato well boiled and hoty cov-  
ered with a cream sauce. And then  
there is nothing more until 5 o'clock  
tea, when there can be one cup of tea  
and one small round biscuit."

"For dinner, there is a nice meat  
dish, say a chicken in a casserole, of  
which you must eat not too much; and  
for dessert there can be a small cup of  
coffee. This makes an ideal reduc-  
tion diet for the day."

"The patient doesn't feel hungry,  
yet she is not eating much. The next  
day she can vary the diet a little without  
changing to a greater quantity.

I frequently find that patients reduce  
best on cream and crackers taken in  
large quantities, a cupful making a  
full meal."

"At first the diet bothers the patient  
simply because she isn't used to it.  
It is also a little troublesome because  
one's meals must be specially pre-  
pared. But what is a difficulty of that  
kind when compared against the blessing  
of growing thin?"

"You are suffering from heavy hips,  
and the loose, straight, lanky looks  
open in the front are more than trying  
to your figure. To get you down to  
your weight, I have had you do a  
little running around your room  
for fifteen full minutes. Following this  
you put on warm flannels and go to bed.  
You will sleep sweetly and will  
lose half a pound of your weight."

#### Club Women Plan Foreign Trip.

Chicago clubwomen have arranged a  
tour of Europe this summer, and club-  
wives from every part of the country  
have been invited to join them in the  
various countries through which  
they pass lectures will be arranged for,  
so that an educational value may be  
given to the trip. The trip was planned  
at the Boston Biennial and the party  
will sail from Montreal on June 18,  
and sail for home on August 12.

#### Costs, Costumes and Collars.

French makers combine two silks  
of different weight and weave for  
gown and coat.

The separate coat will have a great  
er vogue this summer than it has had  
for years.

Silk and wool ottoman of sheer tex-  
ture making many of the handsome  
costumes for summer.

One of the fancies of the hour is the  
coat made of net to wear over the  
princess gown.

Some of the loveliest of the coats  
are made of the light silk of crepe,  
cashmere, and such like.

The most gowns are patterned  
from their mothers'. Embroidered  
tunics and empire effects are favorites.

Some of the new skirts are so nar-  
row that they look like boned cases;  
indeed, go under that name  
abroad.

Many of the shirtwaists this sum-  
mer will be made without even so  
much as a collar band, so the soft  
puritan collar of lingerie is al-  
most discarded.

The highest turnover linen or lace  
collar is still worn, but it is not the  
latest. The popular collar now is the  
low Dutch collar, so charmingly girl-  
ish, but so trying to older women.

#### TO MODJESKA'S MEMORY.

No. 212 NEWMAN CLUB  
Devoted It Meeting  
Great Actress Was Often an Honored Guest There.

The meeting of the Newman Club at  
Levyn's, last night, was dedicated to the  
memory of the late Mrs. Modjeska.  
Countess Boszita has long been on the  
club's directorate, and Modjeska was  
frequently a honored guest at its  
meetings.

Joseph Scott presided. Sam T.  
Clover read a paper on "Modjeska's  
great artist from a personal and rem-  
ainant point of view. John S. McGroarty  
recalled her from the relations  
she bore to the Newman Club and  
Mrs. Harriet dwelt on her character  
as a woman.

The meeting was one of the most  
notable in the club's history and was  
attended by practically the entire  
membership.

#### FOUR BOYS IN TROUBLE.

The four boys arrested yesterday  
on charges of breaking into a vacant house at Central avenue  
and Thirty-eighth street and stealing  
a quantity of lighting fixtures, which  
were recovered in hiding places at the  
boys' homes. They were all taken to  
the Detention Home. They are Walter  
and Richard Robinson of No. 1045 East  
Thirty-third street, Earl Harrig of No.  
1129 East Fortieth street and Clarence  
Bolleste of No. 1174 East Thirty-ninth  
street. They confessed to the theft.

## YUMA DRAWING ON NEW LINES.

*Land Lottery Will Be Directed from Washington.*

*Plan Prevents Scramble and Large Waste.*

*Merchants Disappointed Over Lost Prospects.*

SPECIAL CORRESPONDENCE OF THE TIMES.

YUMA, April 25.—Informal announcement has been made by the officials of the local Reclamation Service that the Yuma Indian reservation across the Colorado River from Yuma will be thrown open for settlement about the first of September, the exact date to be set by the Interior Department at Washington. The reservation lands include 17,000 acres of rich Colorado River silt lands, of which somewhat over 3,500 acres will be reserved for the 600 Indians, on the reservation, who will be allotted five acres each for cultivation, which the government will not allow them to dispose of for twenty-seven years, thus preventing their losing by gamblers and speculators. The remaining 13,500 acres have been divided into homesteads, ranging in size from twenty to forty acres and 400 in number, which will be open to entry by settlers. A portion of the reservation has been reserved for the proposed townsite of Powell, lots in which will be placed on sale at the time the reservation is opened. According to an announcement made, those who will receive the Yuma reservation and awarding the homesteads will be different from any reservation opening yet conducted by the Interior Department. The lottery drawing, which has become a chief feature of openings in later years, will accompany this homestead filing, but will be conducted by the United States Land Office at Washington, D. C., instead of on the land to be thrown open. Apparently the government does not care very much for homesteads for lands that have attended past openings, the grabbing of lands by speculators and the wasted expense to thousands of would-be settlers with fall to draw winning numbers and secure lands. Any native or naturalized citizen who is a citizen of the United States may go before a notary in any part of the United States, make affidavit to this effect and register by mail with the Land Office at Washington, and be given a sum of money to share in the drawing to be held there. Those whose numbers are drawn will be notified that they are entitled to a filing on the Yuma reservation lands, and must then come here to make such in order to comply with the Land Office regulations.

However, under the reclamation act carry with them a water right which must be paid for in ten annual installments after filing, its cost being proportionately relative to the cost of the irrigation project it is under. The total cost of the water rights to the Yuma reservation lands will be approximately \$40 per acre. Those filing on homesteads will be required by the Reclamation Service to deposit the first year's water right installment in the amount of \$10, and thereafter the initial cost of a Yuma reservation filing from \$30 to \$50, in addition to the usual Land Office fees. No expense attends registration for the drawing, however, except the notarial fee.

The foregoing announcement has created much dissatisfaction among the merchants and citizens of Yuma, who have been looking forward to the activity attending the usual manner of opening a reservation, and the immediate profits accompanying the influx of several thousand landseekers as well as the advertising value of a rush for Colorado River lands. This feeling will find action in a formal protest by the Yuma County Commercial Club against the officials having authority over the matter with a view to having the plan of opening conform to previous customs. As the transportation lines would share in the fruits of a rush of homestead seekers, their influence may be expected to be exercised also.

The Yuma county Courthouse case will come before the Supreme Court of Arizona, Friday, April 30. On that date response will be made to the petition for a writ of habeas corpus filed by John Gandy, Thomas D. Moller and the Southern Pacific Railroad Company, against the Supervisors of Yuma county, to compel them to sell bonds and build a courthouse on a specified site, according to a bill introduced by the Arizona Legislature and ratified and amended by Congress. The answer to the petition has been prepared by Dist.-Atty. W. F. Timmons and his Asst. Dist.-Atty. Frank Baxter, and demands to the court that the plaintiff on the alleged grounds that the amendment by Congress reducing the bond issue from \$75,000 to \$50,000, was not ratified by the Arizona Legislature, that the courthouse facilities were not needed to prevent imminent needs, that the Supervisors' plan to lease of the city of Yuma the territorial penitentiary buildings when vacated this summer. The answer further alleges that the bond issue bill referred to was the result of a conspiracy entered into by the Supervisors to induce the building of a courthouse on land owned by them, and thereby enhance the value of other contiguous property owned by them. The answer will be presented by Dist.-Gen. E. S. Clark and Asst. Dist.-Gen. Frank Baxter.

Nicolas M. Trushoff, a member of the faculty of the Agricultural Institute, University of Moscow, Russia, has been in Yuma this week, investigating local agricultural conditions and plant and animal experiments conducted here on the experimental farm supervised by the Reclamation Service, and conducted by W. A. Peterson. **WOULD KEEP HIM.**

Occidental Students Petition President Baer to Decline Offer of New York Position.

The student body of Occidental College presented a petition to President Baer yesterday morning, to decline the offer of the secretaryship of the National Board of Colleges of the Presbyterian church and remain at Occidental. The students explained their deep appreciation of Dr. Baer's work at Occidental during the last three years, and pledged their loyalty to his administration in the future.

George Conrad, president of the Associated Students, presented the petition to Dr. Baer just before the close of the chapel service. Conrad is a most spiritual man, and while the students did not believe their loyalty to Dr. Baer could be doubted, yet they wanted to give him a formal notification that they would be greatly disappointed if he resolved to leave.

President Baer accepted the students' expression of good will. It is expected that today he will accept or decline the offer of the New York position.

## CHERRY CROP GREATEST EVER.

**PRODUCE DEALERS SO ESTIMATE  
THIS SEASON'S OUTPUT.**

**Local Fruit Man Returns from a Trip North With Report of Heavy Bearing in the Orchards—Watsonville Apples Will Probably Exceed Past Year's Total.**

Cherries will be more plentiful this year than ever before. This prediction has been made by a number of produce dealers who have been in the central part of the State looking into the fruit situation. Yesterday J. Huber, secretary of the Rivers Brothers Company, returned from a three weeks' trip through the great orchards in the North with the same report.

The black cherries at Stockton are ripening rapidly and within a week Los Angeles will be in the midst of the cherry season, large shipments of the blacks being billed for here," said Mr. Huber. "The crop around Stockton far exceeds that in the past three years. Several varieties are also doing well, but their bearing will not reach half that of the black cherries. In addition to the cherry district about Stockton, Newcastle, Cawville, Suisun and San Jose territories will all send out immense harvests.

"A fair estimate of the crop may be gained by the fact that shippers have prepared to send 125 carloads of cherries to the East, in addition to all the fruit used for local consumption and for distribution in the rest of the State. Altogether the crop will run in the neighborhood of 250 cars. The fruit is expected to average about 6 cents a pound throughout the season, a low average since at present cherries are selling at 10 cents a pound.

They will fall rapidly, though, within a week. The crop will bring the growers at least half a million dollars."

Mr. Huber did not confine his observations to cherries but also investigated other fruit conditions.

"Growers of apples in the Pajaro Valley, commonly known as the Watsonville district, expect to send out 6000 carloads, at least 500 more than were shipped during the last season. The fruit on the trees is making splendidly, and unless blight or worms cause considerable damage, the growers will realize \$1,200,000 from their apples this one district alone.

"Peaches and plums are showing up well throughout the territory where these fruits are most prolific. The only crop which will be very short this season, is that of apricots. The trees are carrying less than 20 per cent. of the amount of green fruit at this time, than they did last year during the same period. Those interested in the Santa Clara Valley all expect that the crop will be only one-fourth to one-fifth as large as last year. This will mean only about 1,000,000 pounds of dried fruit and only about thirty-five carloads of fresh fruit shipped out of the State."

**THEY DON'T TURN OUT.**

Owing to the small attendance at a meeting of the California Association of Nebraskans, last night, no action was taken on the proposition to enter a Nebraska foot in the Eleventh Parade before the next meeting. President W. H. Morris and Secretary M. M. Davison will try to personally interest many of the prominent members in the plan. There are 2000 on the roster of the society.

Chance You Will Have at Glass Co. Stock at....

Today must see prompt action if you are going to get into this enterprise at the lowest price its stock will ever sell for again. A phenomenal investment when you are given a secured contract against loss.

**Every Dollar That You Invest Guaranteed Against Loss**

It's a very plain proposition. We are so well satisfied that The California Glass and Soda Mfg. Co. will make 25 per cent. to 40 per cent. dividends that we absolutely guarantee that in three years your shares will be worth \$1.25, or \$1.50 in five years, and further contract and guarantee a fixed earning in the whole thing in a nut shell: This company owns raw materials from which glass is made, which enables it to absolutely dominate the glass industry of this coast. Its product will cost no more than the Eastern maker can produce his at his own plant, and 90c per hundred weight in freight is only so much extra profit for this home industry. So satisfied are we of its enormous earning power that we have no hesitancy in guaranteeing its stock—plainly, by this contract you can't lose a cent you invest.

**The Personnel of this Company is Further Protection**

We give below the gentlemen who are back of and intend managing this enterprise. The General Manager, Mr. T. K. Sheldon, is President and Gen. Mgr. of the Sheldon Foster Glass Co. of Chicago. He has spent years in the glass business; has made lots of money at it, and is in a position which is unique in this local enterprise, and will have general management of it. He's not the only experienced glass man in the Company. Mr. G. H. Gray, one of the most successful factory superintendents in this country is also a member of the Company. This is no haphazard project, but an assured profit maker.

COURT—effective ad has been instituted against the Chinaman.

After it was all over Wong Wing brought a civil suit in the County Court to recover \$21.75 for damages to the furniture.

George R. Hupp represented the Chinaman and William Hanlon the policeman.

The testimony indicated that when the officers made the raid there were a number of Chinese crowded into the room, who escaped when the men entered.

The latter found a table covered with money and beans and Hartnagle is accused of upsetting and scattering the coins all over the floor.

According to one of the witnesses for the Chinaman, Hartnagle, after throwing out Wong and a few of his friends, who had returned to the room, shut the door and taking a stout baton hit all the furniture and smashed the crockery.

Judge Ling was particularly interested in this part of the evidence and Patrolman Level explained.

"We have orders," he said, "to distract the families who are engaged in gambling when there are no arrests, to discourage their gambling."

The officers confessed that they did not see any of the Chinamen playing fan-tan. It was stated that "disturbing" of furniture is a common occurrence in Chinatown. It sort of confuses the inhabitants.

At the conclusion of testimony Justice Ling warned the patrolmen that there is only one of two things for them to do when making a raid, either to arrest violators of the law, when legal evidence was secured against them, or to walk out of the place without damaging any property.

He told them that the property of a Chinaman is just as sacred in his home as that of any other man and that there could not, one law for a Chinaman and another for a white man in such circumstances.

The justice took the case under consideration, and will probably render a decision tomorrow.

**MCCORMICK GETS COMMISSION.**

A. J. McCormick received his commission as United States District Attorney of Washington yesterday. He will take his oath of office in the Federal Court this morning. McCormick is appointed for a four years' term, and not merely for the unexpired term of Oscar Lawler, now Assistant Attorney-General. He has not indicated as yet his appointments of two assistants. It is believed practically certain that Frank Stewart, who did good work under Mr. Lawler, will be retained as one of the deputies. The other appointee is in doubt, although a number of attorneys have placed themselves in a receptive position.

**CONTRACTOR BANKRUPT.**

A voluntary bankruptcy petition was filed in the United States District Court yesterday by Samuel L. Bloom, a Corona contractor. He places his liabilities at \$25,585, and assets, \$12,750.

Nine men watching rebuilding of Fort Ticonderoga hoping to find fortune in Gold.

**ASSOCIATED PRESS DAY REPORT.**

ALBANY (N. Y.) April 29.—Nine men from Cleveland, O., are watching closely the rebuilding and restoring of Fort Ticonderoga, in the hope of recovering a large fortune in gold and property, which they believe was buried by a relative of the heirs, who fought through the Revolutionary War.

The old fort is being restored under the direction of Mrs. Stephen H. Hall, and the expense is being borne by her father, Col. Robert M. Thompson, both of New York City.

Since the work was begun the nine Cleveland men have been about the fort constantly, and have made all the excavations which have been made. They have a map and a secret code of directions, which they say was left by their relative as a guide to the spot where the treasure was buried.

p Hogan Has Berry Put Off Grounds.

Mon., 5; Los Angeles, 2. Swartz bunt up in the ninth inning and allowed three runs to settle one of the cut games of the week in favor of perhaps, but it was a lucky victory needed errors to make it good, with perfect play by the locals the game would have been on the short.

The contest developed into an one near the finish, it was a one for half the distance, owing good pitching, and the monotony only relieved by fine running by Baum and Beall. Both and Brisewater did some fine work, both blew up, and with one having all the luck they landed.

all has not shown much in the way

were joking Hogan after Daley made his two-hopper, and Hogan concluded that Berry must have started the trouble, so Hap roared until the ump put Berry off the grounds. Berry denied that he called Hogan any names, but you do not have to believe this unless you care to.

Wheeler's fine assist to first on Brashears' bad bounding grounder in the fourth was a beautiful piece of work and showed that Wheeler is there with the strong arm. The ball came to him back of third base and he made his quick throw to Dillon.

Jed Smith was out in the ninth yesterday and some of the fans thought he quit because he had been roasted so much by the left-field bleachers for holding or interfering with runners at third.

The first three hits that the locals made off Cox were doubles, and yet Pernas never won his game. Guess there is no luck about that!

Bernard in center field for the Perhaps makes the outfield a very strong one. The defense covers the ground, and that he can always be depended upon to be in the right place was shown yesterday by his five outs, none of which were very easy.

**NERVE-RACKING FINISH.** COMBETT FINALLY WINS.

(ASSOCIATED PRESS NIGHT REPORT) SAN FRANCISCO, April 29.—Sacramento made a nerve-racking finish in the game with San Francisco today, making three runs and tying the score in the ninth, after Corbett had shut them out for eight rounds. San Francisco came right back and forced over the winning run in their half with nobody gone.

Up to the ninth Corbett allowed but four unearned runs, all unearned by man. Sacramento got three hits in the ninth and converted them into runs by rapid work on the bases. Baum was

Murray's home-run drive, and holding it until the ninth inning. New York was beaten by Philadelphia today.

Philadelphia, 2; hits, 5; errors, 8. New York, 1; hits, 4; errors, 1. Batteries—Moore and Doolin; Wilson, Marquard and Myers. Umpires—Rigler and Truly.

GREAT HITTING BEE.

(ASSOCIATED PRESS NIGHT REPORT) BOSTON, April 29.—The greatest batting fest ever seen on a local diamond, and the heaviest hitting in the State League thus far this year, Freshman annexed the third game of the series with Stockton this afternoon, 9 to 8. Three pitchers were used by the visitors, and the entire five hours rounded off for a total of twenty-eight hits.

The game was fast and furious from the last two weeks and they expect to

well and bunched their hits when they counted for runs. The score:

**OLD COLLEGE RIVALS.**

Occidental and Pomona.

The Occidental College baseball team is to play Pomona College at Claremont this afternoon in their second game of the intercollegiate series. Pomona won the first game, which was played at Occidental, but the Presbyterians have been improving during the last two weeks and they expect to

be held at Colma some time in coming summer.

Joe Conley, the bantam champion, will start for the Coast May 11. Monte Atwell has agreed to the 115 pounds ringside limit.

Jack Johnson has some theatrical engagements to fill before he takes up training for his bout with Ketchel. Even if Ketchel still claims the middleweight title, he will find himself disputed by Hugo Kelly, who will start for the Coast shortly.

Gorman Beats Rhodes.

KANSAS CITY (Mo.), April 30.—At the end of ten rounds of tame fighting here tonight, Joe Gorman, of San Francisco, was given the decision over Bill Rhodes, a local fighter. Neither man seemed to have a hard punch. In the preliminary Gale Gardner of Los Angeles won a six-round go with Kit Miller of Leavenworth. Miller was knocked down in the sixth.

**BRITT SHOULD RECOVER.**

NEW YORK, April 30.—Willis Britt, manager for Stanley Ketchel, the middleweight champion, who was taken to St. Vincent's Hospital early today, is recovering from what is believed to have been poison, will recover in all probability. His condition was serious at first, but it rapidly improved. Britt was found unconscious in a doorway in East Fourteenth street. A search of his effects brought to light a bottle of poison tablets.

**Medics and Occidentals.**

The U.S.C. Medical School baseball team is to play the Occidental Yannigan at Highland Park this afternoon. Owen Bird is captain of the Presbyterians' team and nine includes several good players that are barefoot from the vantage on account of various technicalities.

**NEXT WEEK'S GAMES.**

Sacramento and Los Angeles will play at Chutes Park Monday, Vernon on Tuesday, and Pasadena Wednesday. This Pasadena game is transferred from this city in order to see how the Crown City fans will take to the league ball, for which they have been anxious for some weeks. The game will begin at 2:11 or better. There are twelve entries in the gaited saddle horse class. The comic feature of the matinee will be a novelty race in which the horsemen will ride short distances and dismount and don various pieces of feminine attire. The event will be similar to the race held in the Thanksgiving Day matinee.

Dr. W. Dodge, who will drive Siegfried for Frank B. Long in the free-for-all pacing race, is confident of permanency annexing the Los Angeles title.

He believes he already has two legs. Joe McGregor, with John Baker up, will be Siegfried's only competitor, but from the showing Siegfried's rival has been making in practice, Dr. Dodge will have to drive his best in order to keep up with him.

Hot Charges.**

**Indefinite Evidence Leaves  
Matter Unsettled.**

**Henry Probably Will Not Be  
Turned Down.**

The management of amateur swimming in Southern California was the subject of red-hot discussion and investigation at a meeting of a special committee appointed by the local committee of the Amateur Athletic Union to probe the charges made against the Southern California Swimming Association by Chester Lawrence at the Los Angeles Athletic Club last night.

Les HENRY, secretary of the Swimming Association, refuted the principal charge that he had been making money out of the sport, although as he admitted that the association had not kept any permanent records of its financial transactions, he was criticized by the committee for not being more fully with the A.A.U. rules.

The matter will be definitely settled next Wednesday night, when the committee will make its report of the investigation to the A.A.U.

About thirty persons attended the meeting, most of whom present being swimmers and water polo players.

Capt. Franklin, secretary of the committee, and Father Martin of St. Vincent's were the members of the special committee that were present, and Capt. Franklin presided.

Henry endeavored to show that Lawrence was instigated by personal animosity in bringing charges against him to the swimming association, and Lawrence came back by introducing many additional charges, varying from the accusation that roulette, in which Lawrence afterward admitted he had participated, was being conducted in connection with water polo meetings, to the charge that he had given actual money to two swimmers.

**HENRY EXPLAINS.**

Henry offered explanations to the charges that seemed satisfactory to the members of the committee, except in regard to keeping account of the money he had expended, and it is probable that the meeting of the A.A.U. commission next Wednesday night, Henry, will be exonerated by the committee, and Lawrence's suggestion that the management of local swimming contests be taken away from the Southern California Swimming Association will not be carried out.

Ignorance of the A.A.U. rules seems to be the cause of the chaotic condition of the swimming interests, and in the discussion it was agreed that the local commission itself has not been conforming to all the prescribed rules.

Henry not only maintained that he had not made any money out of the swimming tournaments that he has conducted, but said that he had had no expense in money. There was no money submitted to refute his statement.

Several of the charges made by Lawrence were admitted, and were denied by persons other than Henry at the meeting and there seemed to be a general misunderstanding regarding the history and management of local aquatics.

**STANFORD TRACK MEET.**

High School Students to Compete in General Invitation Contests This Afternoon.

(By DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, April 30.—[Exclusive Dispatch.] The High School track and field championships of the entire State of California will be decided on the oval at Stanford University tomorrow, and by special invitation the Hill Military Academy of Portland will enter a team in the games. It is the fourth annual field day to be held under the auspices of the Stanford Interscholastic Athletic Association.

The Oakland team has twice won the cup at the high school meet, and is favored as a likely winner in today's games, but no definite announcement was made until yesterday as to the likelihood of the boys across the bay taking part.

The majority of the track athletes became involved in the fraternity question which threatened to bar them from competition, and they withdrew from their respective secret societies by last night. Since the issuing of this edict from the Board of Education, much has been said on both sides the controversy finally resulting in May 16 being announced as the date on which all high-school students must make their choice.

## CHANCE FOR CRITICS. PRESIDENT'S PORTRAIT HANGS IN PARIS SALON.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, April 28.—Although it contains nothing distinctly original in aesthetic conception, the salon of French artists inaugurated today has higher both in marbles and in paintings than any similar exhibition in the last five years.

Nevertheless, the French critics point to the magnificent retrospective exhibition of Albert Pierre René Maigret's sketches to prove that the living artists tried to double the strength of their fathers.

In the portrait section, Seymour Haden beat the others with an astonishingly fine and final result in the salon of honor.

Perhaps did not the Wright brothers

start the fashion, but they outdid all others.

Richard E. Brooks exhibits two excellent busts, one of W. Z. Ward of Seattle, and the other Roger Ludlow by Vaughan Trowbridge.

E. Schreyer's "Thaw," in which

Monet's effects; Lionel Wal-

ter's sea pieces, and Aston Knight's water effects.

Oscar Miller shows an exquisite interior—a woman dreaming at a window in "Casa in Spain."

A. Bridgeman has a scene in a Morocco harem; Simon Veder of New York, a striking stampede of horses; Jules Baye, a "Rebuilding of San Francisco" and Alloysius O'Kelly, a "Maid of Brittany."

H. E. Holtom of Chicago has canvases strong in color and execution which the jury honored by hanging on the line of the salon of honor.

Among other pictures attracting attention are works of Kathleen McEnergy of New York and Mrs. Blumenfeld and Gertrude S. Grey of San Francisco.

Among the marbles, one of the most striking groups is Carvin's "Muse Aviation," which the Department of Barthélémy intends to present to the Louvre.

Another picture which attracted

the American landscapes es-

specially noticeable is C. M. Young's "Jankintown Winter Scene," a delicate

sketch by Vaughan Trowbridge.

E. Schreyer's "Thaw," in which

Monet's effects; Lionel Wal-

ter's sea pieces, and Aston Knight's

water effects.

PARIS EXPECTS A QUIET MAY DAY.

Government Employees Show no Eagerness to Take Part in Twenty-four-Hour Strike, and Leaders of Unions Get Out of Town to Save Their Faces.

INT. DIRECT WIRE TO THE TIMES.

PARIS, April 30.—[Exclusive Dispatch.] The Labor Day demonstration in Paris tomorrow are likely to be mostly on the academic order, as the Prefect of Police is more decided than ever not to allow the slightest disorder in the streets. For this, the Prefect considers the Paris garrison sufficiently strong, and for the first time in late years has ordered that they remain at their posts.

Some interest still lies in the ques-

tion as to whether the government em-

ployees will join in the more or less

general strike which has been or-

dered for twenty-four hours. These em-

ployees exhibit no eagerness to stop

work, and therefore it is more than

probable that the stern governmental order that they remain at their posts will be obeyed by the work-

ers.

Thus Paris is likely to pass a cheer-

ful Labor Day, undisturbed by any

serious labor demonstration,

which broken heads will be due

to the eighties who have

been household "real nobs."

The survey that is said to be the correct one, and is surely the most practical one, runs through this tract.

**Elks' Pride Coming.**  
When the Colorado Elks arrive in Los Angeles they will march from the station to the music of a 5000 band, which is the pride of that State. Because the Elks and Exalted Ruler Rush L. Holland are here, the Colorado Elks are striving to send a big delegation to Los Angeles to participate in the celebration.

**Losing his balance and falling from the steps of a Downey-avenue car at North Avenue 18 last evening, Z. E. Bodman, a carpenter living at No. 540 South Main street, sustained slight injuries of the head and arm, painless when he struck the pavement, and was treated at the Receiving Hospital.**

**FLAIR Reception to Admiral Evans.**  
A reception will be given to Rear-Admiral Robley D. Evans by the Grand Army of the Republic and its auxiliary organization, Young Men's Christian Association building, where veterans and ladies are cordially invited to attend, wearing the button badge of their respective orders to assure admittance. George C. Somers chairman of the committee.

**Capital to Surplus in Undivided National Due to Oil.**  
William Murphy will sail on the gospel temperance mission to the Hague Heights, reported that his 16-year-old daughter, Lena, left her home at Thanksgiving and now has been missing from home. Miss Lena has been employed in the restaurant, an enterprising theater-goer and her mother believes she has decamped with the intention of joining a theatrical troupe.

**Baptique Bobs Up Again.**  
John Lapique, who was found guilty of the murder of his own son under false pretenses by a judge of the Superior Court, bobbed up in the Second District Court of Appeal yesterday with another brief on his appeal. Lapique has been an inmate of the county jail since his release, and much of his leisure in devising plans for securing his liberty. He designs the services of an attorney and draws up his own papers, which are techniques in wording and general tone.

**"Jump Car, Head Is Cut."**  
While riding his bicycle alongside a pedro street car near Eleventh and Main late yesterday afternoon, a workman, 15-year-old messenger boy residing at No. 1113 East Twenty-eighth street, lost control of his machine, ran into the electric and was thrown to the pavement. When picked up by passers-by he was unconscious, but had received no serious injuries before the police ambulance arrived. At the Receiving Hospital the boy was treated for several deep cuts about the head.

**"Angels" Flies Dutch Flag.**  
The flag of Holland floated from the ship of F. J. Zeehandelaar, vice-consul of The Netherlands, yesterday in honor of the coronation of King Willem-Alexander. Mr. Zeehandelaar was much pleased to learn of the arrival of an heir to the throne of Holland, as it leaves the loyal Hollander assurance that the sovereignty will never pass out of the family. Prince Willem-Alexander was called at the consulate to express their joy, and an official telegram was received by Mr. Zeehandelaar apprising him of the happy event. Mr. Zeehandelaar and his family leave for The Netherlands next month to remain abroad for the summer.

## BREVITIES.

To "Liner" Advertisers: Dating from June 1st, classified advertising in the Times will be charged at the rate of 10 cents per word, per insertion, per week, or fraction over seven. The basis for charge, therefore, will prevail after June 1st. Cash "want" advertising has always been calculated by the word, and this regulation will not whittle the manner of handling it. The new rates will have been in effect for many years, though the circulation of the paper, now more than 50,000 daily and 60,000 Sundays, has trebled during this period. No paper in the United States, rate considered, compares with The Times in "want" ad service. The Times-Mirror company.

## GIRL'S FATE WITH JURY.

Sensation in Court When Aunt of Dead Man Hysterically Pleads for Hanging Miss Davidson.

BY DIRECT WIRE TO THE TIMES] NEOSHO (Mo.) April 30.—After an exciting day, the jury has tonight the case of Miss "Johnny" Davidson, on trial here, charged with the murder of Roy Ramsour, her sister's sweetheart.

The attorneys for the defense assert Neosho attacked the girl after calling her a vile name, and that in a struggle that ensued Miss Davidson's revolver was accidentally discharged.

Hysterically pleading that Miss Davidson be hanged for the murder of Roy Ramsour, a Mrs. Reynolds, an aunt of the dead youth, created a scene in the courtroom today. Attorney Andrew Gandy, in his argument in behalf of the prosecution while Mrs. Reynolds left her chair and began excited tirade against the accused girl. She was quickly taken from the room.

Miss Davidson also was taken from the trial room while the attorneys argued whether the outbreak had been prearranged for effect on the jury, or whether it was simply an outbreak on the part of Mrs. Reynolds who loved the boy as though he had been her own.

Nearly 1000 persons were packed in the courtroom to hear the case. Hundreds gathered outside, unable to gain admission.

## OIL WAR IN TEXAS.

State Involved in Competitive Struggle in Managing Waters-Pierce Company Affairs.

[BY DIRECT WIRE TO THE TIMES]

ATX (Tex.) April 30.—[Examiner Dispatch] The State of Texas has oil war on its hands in its conduct of the business of the Waters-Pierce Oil Company pending a sale of the latter property by direction of the State Court, in which the receivership is vested.

The Gulf Refining Company, which is controlled by J. M. Gutfay of Pittsburgh, Pa., and associates, is waging this oil competition against the Waters-Pierce company. The price of gasoline, in fifty-gallon case, was recently cut to 11¢ cents per gallon from 14¢ cents.

This cut has been made by the Gutfay interests. It is reported that the Gutfay interests are making his war-prices against the Waters-Pierce company in order to reduce his revenues in the hope that he can purchase the company at a low figure when it is sold.
